SUMMARY

Growing up in a disadvantaged background, I discovered how technology can be a powerful equalizer. My passion for web development ignited when I realized I could build meaningful digital spaces. Despite lacking resources, I became resilient, adaptable, and resourceful, spending hours learning in public libraries. I see challenges as catalysts for innovation and strive for unique solutions in every project.

CORE COMPETENCIES

- | | |
|---|---|
| <input type="checkbox"/> Front-End Development | <input type="checkbox"/> Back-End Development |
| <input type="checkbox"/> Responsive Web Design | <input type="checkbox"/> Database Management |
| <input type="checkbox"/> Web Security & Optimization | <input type="checkbox"/> Debugging & Problem Solving |
| <input type="checkbox"/> Cloud Computing & Deployment | <input type="checkbox"/> Content Management Systems (CMS) |
| <input type="checkbox"/> Collaboration & Project Management | |
